Dear Consultee

**Consultation on School Catchment Area Changes for The Toynbee School and Thornden School.**

Hampshire County Council is consulting upon the school catchment areas of the schools listed above to align them with the catchment arrangements for Thornden School which is part of the HISP Multi Academy Trust (Hampshire, Isle of Wight, Southampton and Portsmouth). Discussions have taken place with the schools about the proposed changes to the catchment areas and they are in support.

The proposed catchment change will impact 72 addresses as identified by the blue dots on the map shown below. All affected properties have received notification of this proposal via post.

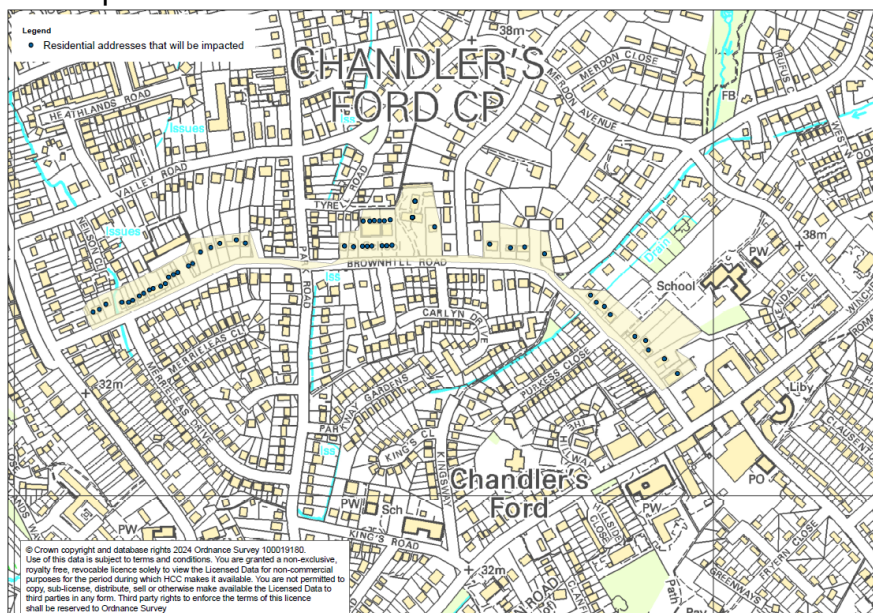

Figure 1: Impacted addresses on Brownhills Road.

*Director of Children's Services*  
**Stuart Ashley**

**Consultation on admissions priority for children living in the above identified area of Brownhills Road, Eastleigh.**

Currently, some of Brownhills Road sits within the catchment area for The Toynbee School and some within Thornden School (as shown above in fig. 1). The proposal is that the affected houses would become part of the catchment area for Thornden School.

**This proposal, if approved, removes the housing shown on the map from the catchment of The Toynbee School. The housing is already in the catchment of Thornden School which is part of the HISP multi academy trust, and so from September 2026, the housing will be solely in the catchment area of Thornden School.**

For families in the affected area with children already in The Toynbee School the following transitional arrangement will be put in place:

- Children starting secondary school for the first time who have a sibling on roll at The Toynbee School (who was on roll prior to the catchment change and who will still be attending the school at the time of the younger child's admission), will be given catchment priority for The Toynbee School, for up to and including admission in September 2029.

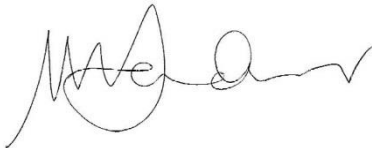

It is therefore proposed that the catchment boundaries be redrawn for school admissions from September 2026 onwards.

You can view details of these proposed catchment changes along with a map showing the proposed changes via the link provided below until 1 July 2024:  
<https://www.hants.gov.uk/aboutthecouncil/haveyoursay/consultations>

Any comments on these proposals should be sent to Mark Saunders, Strategic Development Officer, Children's Services Department, Hampshire County Council, Elizabeth II Court North, The Castle, Winchester, SO23 8UG or by email to [strategicplanningunit@hants.gov.uk](mailto:strategicplanningunit@hants.gov.uk) **no later than 1 July 2024.**

Any comments received will be considered as part of the statutory consultation on admission arrangements which takes place late October/ early November 2024 (exact dates to be confirmed). A final decision which takes account of the statutory admissions consultation will be made by the Executive Member for Education on 12 February 2025. Details of the statutory admissions process can be viewed via the web link provided from once the consultation has gone live.

Yours sincerely

**Mark Saunders**
